## **Pre-Anesthesia Instructions**

Cat Name: \_\_\_\_\_

X\_\_\_\_ Please give no dry food after **midnight** on the night before the procedure. *Water is okay.*

X\_\_\_\_ It is okay to give a tablespoon or so of wet food on the morning of the procedure just to take the edge off.

**X\_\_\_\_ IF YOUR CATS IS DIABETIC, GIVE ½ THE NORMAL DOSE OF INSULIN ON THE MORNING OF THE PROCEDURE.**

X\_\_\_\_ Please drop off between 8am – 10am the day of procedure.

### **When will my cat go home?**

- **Surgical patients**
  - Minor procedures- Usually go home the same day between 4:30pm – 5:45pm
  - Major procedures- The time hospitalized varies according to need
  
- **Dental patients**
  - Cats usually go home same day between 4:30pm – 5:45pm
  - We may discover during a dental procedure that unanticipated extractions are necessary. If significant extractions are performed, your cat may spend the night at the clinic for additional monitoring.

***\*If you expect your cat to go home and do not hear from us by 5:00pm, please give us a call- 425-489-1484.***

***The clinic closes at 6:00pm***
